OVW Safe Havens: Supervised Visitation and Safe Exchange Grant Program (CFDA 16.527)

Overview

About the Office on Violence Against Women

The Office on Violence Against Women (OVW) is a component of the United States Department of Justice (DOJ or the Department). Created in 1995, OVW implements the Violence Against Women Act (VAWA) and subsequent legislation and provides national leadership against domestic violence, dating violence, sexual assault, and stalking. Since its inception, OVW has launched a multifaceted approach to responding to these crimes. By forging state, local and tribal partnerships among police, prosecutors, the judiciary, victim advocates, health care providers, faith leaders and others, OVW grants help provide victims with the protection and services they need to pursue safe and healthy lives and enable communities to hold offenders accountable.

About the Safe Havens: Supervised Visitation and Safe Exchange Grant Program

The Safe Havens: Supervised Visitation and Safe Exchange Grant Program (Supervised Visitation Program) provides an opportunity for communities to support the supervised visitation and safe exchange of children in situations involving domestic violence, dating violence, child abuse, sexual assault, or stalking. Studies have shown that the risk of violence is often greater for victims of domestic violence and their children after separation from an abusive situation.¹ Even after separation, batterers often use visitation and exchange of children as an opportunity to inflict additional emotional, physical, and/or psychological abuse on victims and their children. Visitation and exchange services provided through the Supervised Visitation Program should reflect a clear understanding of the dynamics of domestic violence, dating violence, sexual assault and stalking; the impact of domestic violence on children; and the importance of holding offenders accountable for their actions.

Deadline: Letter of Intent

All applicants who intend to apply for fiscal year 2008 funding under this program are encouraged to **submit a non-binding letter of intent**, (please see http://www.usdoj.gov/ovw/docs/sample_letter_of_intent.pdf), to OVW by **Thursday, January 31, 2008**. You may send the letter to OVW at OVW.SupervisedVisitation@usdoj.gov. OVW will use these letters to forecast the number of peer review panels needed to review competitive applications.

Deadline: Registration

The *Grants.gov* registration deadline is **Thursday, January 31, 2008**. Registering with Grants.gov is a one-time process; however, if you are a first-time registrant, it could take several weeks to have your registration validated and confirmed and to receive your user password. It is highly recommended that you start the registration process as early as possible to prevent delays in submitting your application package to our agency by the deadline specified. There are three steps that you must complete before you are able to register: 1) register with Central Contractor Registry (CCR), 2) be authorized as an Authorized Grantee/Recipient Official (AGO) in your organization, and 3) register yourself as an AGO. For more information, go to www.grants.gov. **Note: Your CCR registration must be renewed once a year. Failure to renew your CCR registration will preclude submission of a grant application through Grants.gov.**

Deadline: Application

The due date for applying for funding under this announcement is **8:00 pm E.S.T., Thursday, February 28, 2008**. In addition, a hard copy must be sent via an overnight delivery method, post-marked by **February 28, 2008**. See page 21 for further instructions on this.

Eligibility

It is very important that you review this information carefully. Applications that are submitted by non-eligible entities will be screened out during an initial review process.

By statute, eligible entities for the Supervised Visitation Program are states,² Indian tribal governments, and units of local governments. Applicants must enter into or expand the scope of existing contracts and cooperative agreements with public or private nonprofit entities, including faith-based and community organizations, to provide supervised visitation and safe visitation exchange of children in situations involving domestic violence, dating violence, child abuse, sexual assault, or stalking. **All applicants are required to enter into a collaborative working relationship with state or local courts and a nonprofit, nongovernmental domestic violence or sexual assault victim services organization.**

Unit of Local Government

For the purposes of this program, **a unit of local government** is any city, county, township, town, borough, parish, village, or other general-purpose political subdivision of a State³; an Indian tribe that performs law enforcement functions as determined by the Secretary of the Interior; or, for the purpose of assistance eligibility, any agency of the District of Columbia government or the United States Government performing law enforcement functions in and for the District of Columbia or any Trust Territory of the United States. Local courts, police departments, pre-trial service agencies, district or city attorneys' offices, sheriffs' departments, probation and parole departments, shelters, nonprofit, nongovernmental victim services agencies, and universities are **not** considered units of local government for the purposes of this grant program unless they meet the "unit of local government" definition under 42 U.S.C. § 3791

² For the purposes of this grant program, a state is defined to include all states, the District of Columbia, the Commonwealth of Puerto Rico, and the Virgin Islands, American Samoa, Guam and the Northern Mariana Islands.

³ As defined in 42 U.S.C. § 3791, "unit of local government" also includes any law enforcement district or judicial enforcement district that is established under applicable State law and has the authority to, in a manner independent of other State entities, establish a budget and impose taxes.

(see footnote 3 on previous page). Applications from typically “non-eligible” entities that want to assert “unit of local government” status under 42 U.S.C. § 3791 must include proof of such status.

Indian Tribe

For the purposes of this Program, **Indian tribe** is defined as any tribe, band, pueblo, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (as defined in or established under the Alaska Native Claims Settlement Act, 43 U.S.C. §1601 et seq.), that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians (25 U.S.C. § 450b(e)). Any applicant representing a consortium of tribal governments and/or organizations must submit a resolution from the constituent tribal governments and/or organizations supporting the application.

Funding to Faith-Based and Community Organizations

Consistent with President George W. Bush’s Executive Order 13279, dated December 12, 2002, and 28 C.F.R. Part 38, it is DOJ policy that faith-based and community organizations that statutorily qualify as eligible applicants under DOJ programs are invited and encouraged to apply for assistance awards to fund eligible grant activities. Faith-based and community organizations will be considered for awards on the same basis as any other eligible applicants and, if they receive assistance awards, will be treated on an equal basis with all other grantees in the administration of such awards. No eligible applicant or grantee will be discriminated for or against on the basis of its religious character or affiliation, religious name, or the religious composition of its board of directors or persons working in the organization.

Faith-based organizations receiving DOJ assistance awards retain their independence and do not lose or have to modify their religious identity (e.g., removing religious symbols) to receive assistance awards. DOJ grant funds, however, may not be used to fund any inherently religious activity, such as prayer or worship. Inherently religious activity is permissible, although it cannot occur during an activity funded with DOJ grant funds; rather, such religious activity must be separate in time or place from the DOJ-funded program. Further, participation in such activity by individuals receiving services must be voluntary. Programs funded by DOJ are not permitted to discriminate in the provision of services on the basis of a beneficiary’s religion.

Applicants are encouraged to review the Civil Rights Compliance section under “Additional Requirements” in this announcement.

NOTE: By statute, nongovernmental entities are not eligible to receive grants under the Safe Havens program, but states, tribal governments, and units of local government are encouraged to collaborate with faith-based and community organizations.

OVW Safe Havens: Supervised Visitation and Safe Exchange Grant Program – Specific Information

Types of Applicants

In Federal Fiscal Year 2008, OVW will accept applications for the Supervised Visitation Program for development or continuation project. For the purposes of this grant program, development applicants are: 1) applicants that have never received Supervised Visitation Program funds; 2) former Supervised Visitation Program grantees whose grant awards have expired; and

3) current grantees with grant awards that expire before February 28, 2008. Continuation applicants are: 1) current grantees that received 24 months of funding in Federal Fiscal Year 2006; or 2) current grantees with grant awards that expire after February 28, 2008. **Federal Fiscal Year 2007 grantees who received a 24-month grant award are not eligible to apply for Federal Fiscal Year 2008 Supervised Visitation Program grant funds.**

Development Project

A development project is divided into a planning phase and an implementation phase over a 36 month period.

- 1) Planning Phase: Applicants must allocate a set amount of funds (limited to \$50,000) for the planning phase of the cooperative agreement. Jurisdictions selected as development projects (including communities with established visitation centers) will work with OVW and Supervised Visitation Program technical assistance providers to establish the groundwork for developing a supervised visitation program. Applicants for development funding must set aside a minimum of 12 months for the planning phase. Proposed activities must include, but are not limited to, the following activities:
 - Conducting a community needs assessment;
 - Funding a project coordinator;
 - Coordinating and conducting planning meetings;
 - Establishing an advisory/consulting committee; and
 - Developing visitation center policies and protocols.
- 2) Implementation Phase: Upon successfully completing the planning phase, grantees will begin implementing supervised visitation and exchange services over the remainder of the project period. Funds are limited to \$300,000 for the course of the implementation phase. During this phase, grantees will continue to work with OVW and Supervised Visitation Program technical assistance providers to implement their supervised visitation project. (Please see Appendix A for a sample budget for development applicants.)

Applicants applying for a development project are required to set aside \$50,000 of the total budget for OVW training and technical assistance (see page 25, Appendix A).

Continuation Projects

Current grantees, with grant awards expiring after February 28, 2008, are eligible to apply for supplemental funds to continue and/or enhance their existing visitation programs. Applications for multi-jurisdictional⁴ projects must demonstrate that each visitation/exchange center involved in the grant project meets the statutory and minimum requirements of the Supervised Visitation Program, as outlined on page 16 of the solicitation. In fiscal year 2008, current grantees may apply for continuation funding for a two-year or five-year period.

Standard Two-Year Project

State, local and tribal applicants may elect to submit a continuation application and budget reflecting a standard two-year (24-month) project. Applicants seeking funding for one visitation center may apply for up to \$250,000. Multi-jurisdictional applications may apply for up to

⁴ A project proposing two or more supervised visitation centers in two or more jurisdictions. Multi-jurisdictional projects are limited to three visitation centers and/or jurisdictions.

\$350,000 for a project involving two visitation centers and \$500,000 for a project involving three visitation centers.

Five-Year Project

Under the five-year option, successful applicants will receive funding in descending amounts over a five-year period and will not be required to compete for continuation funding after the first two-year (24-month) cycle. Subsequent funding for the third, fourth and fifth years of the award is contingent upon continued appropriations for the program, and grantee compliance with program requirements and special conditions. Successful applicants will also be required to submit a five-year strategic plan describing their commitment and capacity to continue the project as Federal funds are decreased or end. Successful applicants with one visitation center will receive an initial award in Federal Fiscal Year 2008, based on a 24-month budget, for no more than \$300,000; a subsequent award will be made in Federal Fiscal Year 2010 for no more than \$225,000 for 24-months; and in Federal Fiscal Year 2012 the final award will be based on a 12-month budget for no more than \$100,000. At the completion of the five-year project, successful grantees and their supervised visitation/safe exchange provider subgrantee partner(s) will not be eligible to apply to the Supervised Visitation Program for 12 months after their final financial and progress reports have been submitted.⁵

Five year awards for a multi-jurisdictional project (two or more visitation sites) will be made in the following manner:

	FY 2008 (24 months)	FY 2010 (24 months)	FY 2012 (12 months)
Two sites	\$400,000	\$325,000	\$150,000
Three sites	\$550,000	\$475,000	\$225,000

Availability of Funds

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. Please note that OVW has the discretion to make awards for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to a grant award.

Award Period

Applicants should be aware that an award will be made as a cooperative agreement and OVW will play a substantial role in shaping and monitoring the project. The award period for these cooperative agreements will be 36 months for development projects and 24 months for continuation projects.

Budgets must reflect the full length of project activity, and the total “estimated funding” (block 15) on the SF-424 must reflect either 24 or 36 months.

⁵ Please note that the next OVW Safe Havens Solicitation for which you may be eligible to apply after the completion of your five-year award could be more than 12 months from the time your final financial and progress reports are submitted. For example, if a grantee's project ends on 9/30/2012, but the final financial and progress reports are not submitted until 1/1/2013, the grantee will have to wait until 1/1/2014 to apply under the next Safe Havens solicitation.

Award Amounts

Applicants should carefully consider the resources needed to successfully implement the proposed project and present a realistic budget that accurately reflects project costs. Supervised Visitation Program funds for Federal Fiscal Year 2008 will be awarded based on the following guidelines:

- Up to \$400,000 for a three-year development project;
- Up to \$250,000 for a two-year continuation project with one visitation site;
- Up to \$350,000 for a two-year continuation project with two visitation sites;
- Up to \$500,000 for a two-year continuation project with three visitation sites;
- Up to \$300,000 for the first two years of a five-year project with one visitation site;
- Up to \$400,000 for the first two years of a five-year project with two visitation sites; and
- Up to \$550,000 for the first two years of a five-year project with three visitation sites.

Funds for years three through five of the five-year Continuation Project will be awarded upon successful completion of the prior years' activities and continued appropriation of the Supervised Visitation Program.

Program Scope

The scope of the Supervised Visitation Program is defined by the following statutory considerations and minimum requirements. Applicants must address these considerations and requirements in the Project Narrative section of the application.

Statutory Program Purposes:

Pursuant to 42 U.S.C. § 10420(a) Supervised Visitation Program funds may be used to:

- Provide supervised visitation and safe exchange of children by and between parents in situations involving domestic violence, dating violence, child abuse, sexual assault, or stalking;
- Protect children from the trauma of witnessing domestic or dating violence or experiencing abduction, injury, or death during parent and child visitation exchanges;
- Protect parents or caretakers who are victims of domestic and dating violence from experiencing further violence, abuse, and threats during child visitation exchanges; and
- Protect children from the trauma of experiencing sexual assault or other forms of physical assault or abuse during parent and child visitation and visitation exchanges.

Funds may be used for, but are not limited to, the following activities:

- Establishing supervised visitation and safe exchange services to meet a demonstrated need;
- Strengthening existing program operations;
- Expanding services at existing centers;
- Establishing statewide training and technical assistance projects;
- Increasing center staff;
- Enhancing security at existing centers; and
- Developing training for center staff and volunteers.

Statutory Considerations

By statute, OVW will take into account the following considerations when awarding cooperative agreements:

- The number of families to be served by the proposed visitation programs and services;
- The extent to which the proposed supervised visitation programs and services serve underserved populations;⁶
- The extent to which the applicant demonstrates cooperation and collaboration with non-profit, nongovernmental entities in the local community served, including the state or tribal domestic violence coalitions, state or tribal sexual assault coalitions, community-based shelters, and programs for domestic violence and sexual assault victims; and
- The extent to which the applicant demonstrates coordination and collaboration with state and local court systems, including mechanisms for communication and referral.

Minimum Requirements

Under 42 U.S.C. § 10420(c), all applicants for the Supervised Visitation Program must:

- Demonstrate expertise in the area of family violence, including the areas of domestic violence or sexual assault, as appropriate;
- Ensure that any fees charged to individuals for use of programs and services are based on the income of those individuals, unless otherwise provided by court order;
- Demonstrate that adequate security measures, including adequate facilities, procedures, and personnel capable of preventing violence, are in place for the operation of supervised visitation programs and services or safe visitation exchange; and
- Prescribe standards by which supervised visitation or safe visitation exchange will occur.

Activities That May Compromise Victim Safety

Ensuring victim safety is a guiding principle underlying this Program. Experience has shown that certain practices may compromise victim safety rather than enhance it. Certain responses by the authorities may have the effect of minimizing or trivializing the offender's criminal behavior. Accordingly, consistent with the goals of ensuring victim safety while holding perpetrators accountable for the criminal conduct, applicants are strongly discouraged from proposing projects that include any activities that may compromise victim safety, such as the following:

- Mediation, alternative dispute resolution, or family counseling as a response to domestic violence, dating violence, sexual assault, or stalking;
- Offering perpetrators the option of entering pre-trial diversion programs;
- Batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behaviors; and
- Provision of services on the condition that victims seek protection orders, counseling, or some other course of action with which they disagree.

⁶ The term "underserved populations" includes populations underserved because of geographic location, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General. (42 U.S.C. § 13925(a)(33))

Unallowable Activities

Grant funds under the Supervised Visitation Program may not be used for any unauthorized purposes, including but not limited to the following activities:

- Lobbying, or lobbying – related activities;
- Fundraising;
- Research projects;
- Therapeutic visitation;
- Parent Education/Batterer Intervention Programs;
- Individual, group, and family counseling; and
- Physical modifications to buildings, including minor renovations.

Performance Measures

To assist in fulfilling the Department's responsibilities under the Government Performance and Results Act (GPRA), Public Law 103-62, applicants who receive funding under this solicitation must provide data that measures the results of their work. Performance measures for this solicitation are as follows:

<i>Objective</i>	<i>Performance Measures</i>	<i>Data Grantee Provides</i>
Strengthen partnerships for safer communities and enhance the Nation's capacity to prevent, solve, and control crime.	1) The number of supervised visitation and exchange centers supported by the program; 2) The number of supervised visits between parents and children; and, 3) The number of supervised exchanges between parents and children.	This information will be provided to OVW through semi-annual progress report forms. Please see http://muskie.usm.maine.edu/vawamei/formhavens.htm#dwnfrm for a sample form.

- Demographics of families to be served by the project;
- Hours of operation;
- Program security;
- Record keeping and confidentiality;
- Referral process;
- Intake procedures;
- Fee protocols;
- Center staff;
- Job descriptions and resumes for key staff (this information should be appended to the application);

- Composition and role of the existing or proposed advisory committee (see description of Consulting/Advisory Committee on page 20).

In addition, the application must demonstrate that center operating policies are specifically tailored to meet the unique safety needs and concerns of victims of domestic violence, dating violence, child abuse, sexual assault, and stalking.

F. Who Will Implement the Project (10 points)

All applicants are required to coordinate with state or local courts and nonprofit, nongovernmental domestic violence and/or sexual assault victim service programs. All applicants must identify the court and victim services program(s) partnering on the proposed project and all other project partners, and specify their respective roles and responsibilities.

Victim service organizations should meet all of the following criteria:

- Provide services to victims of domestic violence, dating violence, sexual assault, or stalking as one of their primary purposes and have a demonstrated history of effective work concerning such issues;
- Address a demonstrated need in their communities by providing services that promote the dignity and self sufficiency of victims, improve their access to resources, and create options for victims seeking safety from perpetrator violence; and
- Do not engage in activities that compromise victim safety.

G. Sustainability Plan (5 points)

As this is a competitive, discretionary program, there is no guarantee of continuation funding. Applicants are required to include a plan describing their commitment and capacity to continue the project if Federal funding through the Supervised Visitation Program were no longer available. Applicants are encouraged to describe any past Federal or state supported projects which the applicant or its partners sustained once funding had expired.

The plan will be evaluated on whether it proposes feasible strategies to preserve project activities long-term. **Continuation or supplemental funding is not guaranteed and applicants are always encouraged to seek additional means of support to sustain their current projects.**

Budget Detail Worksheet and Narrative (Total 15 Points)

Each application must include a detailed budget and budget narrative for the project. This will be submitted as an attachment in Grants.gov as well as in the hard copy. The budget must be complete, reasonable, and cost-effective in relation to the proposed project. The budget should provide the basis for the computation of all project-related costs. It should cover the cost of all components of the project. There must be a clear link between the proposed activities and the proposed budget items. The budget should include only those activities, products, and resources that are necessary for project implementation and discussed in the project narrative.

In developing the budget, applicants should fairly compensate all project partners for their participation in any project-related activities, including but not limited to, compensation for time and travel expenses to attend or provide project development, training, and implementation. The budget **must** include compensation for all services rendered by project partners, including nonprofit, nongovernmental domestic violence and/or sexual assault victim services programs, and state and tribal domestic violence and/or sexual assault coalitions. Additionally, sub grantee center staff members must be fairly compensated if they will be providing services under the Supervised Visitation Program.

Budget Caps

The following award limits are firm and apply even to applications for continuation funding. Under no circumstances should the proposed budget exceed the following limits:

	New/Development Three year projects (36 months)	Continuation Two year projects (24 months)	Continuation Five year projects (24 months)
Single Site	\$400,000	\$250,000	\$300,000
Two Sites	\$400,000	\$350,000	\$400,000
Three Sites	\$400,000	\$500,000	\$550,000

OVW has the discretion to make cooperative agreements for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to the award of the cooperative agreement.

Budget Requirements

The following is a short list of budget guidelines:

- Applicants are strongly discouraged from requesting consultant rates in excess of \$450 per day, because they require prior approval from OVW's Director.
- Applicants **may not** allocate any funds for building renovations. This includes such seemingly minor activities as painting or carpeting.
- Applicants may not use any OVW funds for conducting research. However, up to 1% of the budget may be allocated for the purpose of assessing the effectiveness of funded activities. For example, funds may be used to conduct pre and post testing of training recipients or victim satisfaction surveys. In conducting such testing or surveys, grantees may not collect, analyze or disseminate any information identifiable to a private person during the course of assessing the effectiveness of funded activities.
- A contribution of non-Federal dollars ("match") is not required for this program, but applicants are encouraged to maximize the impact of Federal dollars by contributing to the costs of their projects. Supplemental contributions may be cash, in-kind services, or a combination of both. Any non-Federal contributions can be discussed in the project narrative; however, these supplemental contributions should **not** be included in the budget or budget narrative.
- Access to current research and practice on violence against women through training and technical assistance can reduce staff burnout, improve project performance, and impact project sustainability. Therefore, OVW offers a wide range of training and technical assistance opportunities to all of its grantees. These offerings are specifically designed to assist grantees in meeting their goals and objectives and in complying with all relevant statutory and programmatic requirements. All development project applicants are **required** to allocate funds in the amount of \$50,000 **and** all continuation project applicants are **required** to set aside \$20,000 to support travel costs associated with technical assistance and capacity-building activities sponsored by OVW-designated technical assistance providers. Applications selected for funding that do not include the entire recommended amount will not receive additional funds for this purpose, but will be required to adjust their budgets to cover these costs prior to final approval of the proposal. This required amount must be included in the "travel" category. Please provide an estimated breakdown for this amount (include the number of trips, number of travelers, airfare or mileage, lodging, per diem, etc.). These funds are to be used **only** for OVW-designated technical assistance unless otherwise approved by OVW. Any training and technical assistance funds not used by the end of the grant period may not be reprogrammed and **must** be returned to OVW. Travel funds should be used to support travel costs by all partners, including nonprofit, nongovernmental victim services providers, court partners, and other MOU partners.
- Applicants are also encouraged to include funds in their budgets to attend Financial Management Training Seminars sponsored by the Office of Justice Programs (OJP), Office of the Comptroller. These seminars instruct participants in the financial administration of

OVW formula and discretionary grant programs. A schedule listing the financial training seminars is available at <http://www.ojp.usdoj.gov/oc/fmts.htm>.

A Sample Budget Detail Worksheet for Implementation applicants is available at http://www.ojp.usdoj.gov/Forms/budget_fillable.pdf. **Please refer to Appendix A for a Sample Budget Detail Worksheet if you are a development project applicant.** The budget and budget narrative should be submitted online as one attachment. When preparing these items, please use the Budget Detail Worksheet as a guide and be sure to include all necessary budget categories. The budget should clearly describe the proposed amounts and uses of grant funds for the duration of the grant period and how the amounts of the specific budget items were determined.

Memorandum of Understanding (MOU) or Letter of Intent to Collaborate (Total 20 points)

Applicants are required to provide documentation that demonstrates they have consulted and coordinated in a meaningful way with state or local courts **and** a nonprofit, nongovernmental domestic violence or sexual assault victim services organization. OVW requires this to be done by the submission of an MOU for continuation applicants and Letters of Intent to Collaborate for development applicants.

The partnering non-profit, non-governmental domestic violence and/or sexual assault victim services program should meet all of the following criteria:

- Provides services to victims of domestic violence, dating violence, sexual assault, or stalking as one of their primary purposes;
- Reflects an understanding that the violence perpetrated against victims is grounded in an abuse of power by offenders, reinforced through intimidation and coercion;
- Addresses a demonstrated need in their communities by providing services that promote the integrity and self-sufficiency of victims, improve their access to resources, and create options for victims seeking safety from perpetrator violence; and
- Does not engage in activities that compromise victim safety.

All continuation applicants must include, as an attachment, a current (i.e., a single document, signed and dated during the development of the proposal) MOU created and signed by the chief executive officer(s) and/or director(s) of all relevant agencies participating in the project's development or implementation, such as the unit of government; the visitation center; the courts; nonprofit, nongovernmental domestic violence victim organizations; and other community agencies or organizations (i.e., law enforcement, prosecutors, and probation) that will collaborate to implement the proposed project. Please refer to Appendix B for a sample MOU.

Continuation applicants must develop a new MOU that reflects the continuation of project activities and include current dates and signatures from all relevant project partners.

The MOU must do the following:

- Identify the partners and provide a brief history of the collaborative relationship among those partners, including when and under what circumstances the relationship began and when each partner entered into the relationship;

- Identify the representatives of the team that will be responsible for developing and implementing project activities and describe how the team members will work together and with project staff;
- Demonstrate a commitment on the part of all project partners to work together to achieve stated project goals;
- Indicate approval of the proposed project budget by all signing parties; and
- Describe the resources each partner would contribute to the project, either through time, in-kind contributions, or grant funds (e.g., office space, project staff, and training).

The MOU should be a single document that includes signatures and dates from all partners. Signatories should be sure to include their titles and agencies under their signatures.

Letters of support may **not** be submitted in lieu of the MOU. **Only applicants for development projects may submit Letters of Intent to Collaborate in lieu of an MOU.** Please refer to Appendix C for a sample Letter of Intent to Collaborate.

Letter of Nonsupplanting

Applicants must submit a letter to OVW's Director, certifying that Federal funds will not be used to supplant State or local funds should a cooperative agreement be made. Please refer to http://www.usdoj.gov/ovw/docs/nonsup_letter.pdf for a sample letter.

Financial Capability Questionnaire

All nonprofit, nongovernmental organizations that apply for funding with OVW that have not previously (or within the last 3 years) received funding from OVW or OJP must complete a Financial Capability Questionnaire. The form can be found at <http://www.ojp.usdoj.gov/oc>. You should also include the cognizant Federal audit agency and fiscal year on the first page. In addition, be sure to submit your current year's audit report with the Financial Capability Questionnaire.

Indirect Cost Rate Agreement

If your organization is requesting indirect costs for this project, please include a copy of your current, signed indirect cost rate agreement. If you need additional information on this requirement, please go to <http://www.ojp.usdoj.gov/FinGuide/part3chap17.htm>.

Additional Program Requirements

Technical Assistance

Successful applicants are required to work collaboratively with staff from OVW and OVW-designated technical assistance providers. Grantees will be asked to identify advocates from local domestic violence or sexual assault victim services programs, law enforcement officers, prosecutors, judges, and other representatives from the community to participate in technical assistance events. Participation in technical assistance events will often involve out-of-state travel, therefore applicants are required to include funds in the project budget to support travel cost associated with these activities.

Consulting Committee

Visitation programs that serve families with a history of domestic violence, dating violence, child abuse, sexual assault, and stalking are required to develop formal affiliations with organizations that will be available to provide services and consultation to programs that work with children

and parents. Applicants are required to establish a consulting committee, which includes experts in the following fields: child abuse and neglect, mental health, substance abuse, counseling, batterers' intervention, law enforcement, child protection services, and advocacy for victims of domestic violence and sexual assault. In addition, grantees serving underserved and diverse communities should include experts who are knowledgeable on domestic violence, dating violence, child abuse, sexual assault and/or stalking within these communities on the consulting committee. All mandatory MOU partners should also serve as members of this committee.

Selection Criteria

In addition to the criteria above, all applications will also be scored on the following:

- The extent to which all project activities fall within the statutory scope of the program;
- The extent to which proposed activities would address the need described;
- The extent to which project activities seem feasible and likely to succeed;
- The extent to which the proposal does not include activities that compromise victim safety;
- The extent to which activities are clearly described and reflect sound and innovative strategies to improve victim safety; and
- The extent to which the budget is reasonable and within established limits.

In awarding the cooperative agreements, OVW will also take into account:

- The number of families to be served by the proposed visitation programs and services;
- The extent to which the proposed supervised visitation programs and services serve underserved populations;
- The extent to which the applicant demonstrates cooperation and collaboration with nonprofit, nongovernmental entities in the local community served, including the State or tribal domestic violence coalition, State or tribal sexual assault coalition, local shelters, and programs for domestic violence and sexual assault victims; and
- The extent to which the applicant demonstrates coordination and collaboration with State and local court systems, including mechanisms for communication and referral.

Review Process

All applications will be subject to internal review by OVW staff and peer review and will be scored according to the criteria set forth in this solicitation. **If the application fails to meet the criteria listed below during the initial internal review, the application will not receive further consideration. If applications that are partially beyond the scope of the program are sent to external peer review, only those sections of the application that are within scope will be reviewed.** Criteria for the initial internal review follow:

- Whether the application is complete;
- Whether the proposed activities are within the scope of the program (see page 8);
- Whether all statutory eligibility criteria are met (see page 4);
- Whether the minimum requirements for the program are met (see pages 9);
- Whether the application proposes significant activities that may compromise victim safety (see page 9); and

- Whether the proposed budget is within the established limits (see page 16).

In addition, applications for continuation funding will be reviewed for prior compliance with program and office requirements and the status of current grant-funded activities. (See page 13 for further details on criteria for this review.) Applicants with an OVW grant history that failed to meet grant deadlines, did not comply with OJP's financial requirements, or did not comply with special conditions from previous grants, will not be considered for funding.

OVW will establish panels of experts and practitioners to review applications. Each panel will review the information provided in the application against the selection criteria for the program. Following external peer review, a second internal review will be conducted, considering, for example, the geographic distribution of the applications for a national perspective, the ratio of population to services, and the type of projects already funded within an applicant's state or community. Tribal applications will be reviewed by a panel of experts on supervised visitation, domestic violence, child abuse, sexual assault, and stalking in the Native American Community. The total points possible for an application are 100 (65 points for Narrative, 15 points for Budget, and 20 points for the MOU or Letters of Intent to Collaborate). Applications with the highest composite scores will be considered for funding.

Additional Requirements

- Civil Rights Compliance
- Confidentiality and Human Subjects Protections regulations

Sample Memorandum of Understanding

SAMPLE MEMORANDUM OF UNDERSTANDING

The County of _____ is the lead Safe Havens: Supervised Visitation and Safe Exchange Grant Program applicant, and supports the Local Supervised Visitation Center (LSVC). The County of _____ enters into a Memorandum of Understanding (MOU) with the Community Domestic Violence Agency (CDVA), LSVC and the local court system.

I. History of Relationship

The Local Supervised Visitation Center began collaborating with the Community Domestic Violence Agency in 1999. The LSVC and CDVA Directors met regularly to discuss the provision of visitation services to victims of domestic violence. Throughout this relationship, CDVA provided training for LSVC staff and volunteers in the following areas: recognizing signs of domestic violence; methods and strategies for working with victims of domestic violence; and, domestic the potential impact of domestic violence on children and the battered person. LSVC accepts referrals from CDVA and the local court system for women in need of supervised visitation services. Additionally, the LSVC and CDVA Directors continue to meet on a monthly basis to develop a comprehensive plan to enhance the response to post-separation violence through visitation and exchange services that are targeted to meet the safety and other needs of children(ren) adult victims of domestic violence, child abuse, sexual assault, teen dating violence, and stalking.

The partnering organizations' ultimate goal is the protection of domestic violence victims and their children in all settings. As a result, LSVC and CDVA are striving to develop an expanded collaboration including child abuse and neglect organizations, law enforcement, courts, hospitals, legal advocates, families, and community groups. The LSVC and CDVA Directors have identified the local court system as a partner, and a court representative has begun attending their monthly planning meetings. The group's immediate goal is to develop an awareness and understanding among the potential collaborators of the unique circumstances surrounding supervised visitation in cases of domestic violence.

II. Development of Application

Discussions regarding the collaborative effort that is proposed in the application and detailed in this Memorandum began in earnest in June 2000. During their regular monthly meetings, the agency directors and court representative discussed the elements of the application and the appropriate roles for each partner. The LSVC Director met with center staff to develop a grant application response. This draft was supplemented with key judicial and CDVA staff recommendations. The LSVC Director also conducted an independent study of similar supervised visitation programs in other

jurisdictions. This information enhanced the quality of proposed programmatic activities. Additionally, the Directors discussed the application process and expectations with the potential MOU partners. These representatives provided input in the initial development phase and feedback throughout the application process. Recent meetings among the Executive Directors, County representatives and local court representatives have led to the agreements reflected in this Memorandum and the submission of the grant application.

Dear Director,

This letter confirms the County of Lake Western's (the County) intent to collaborate with Community Domestic Violence Agency (CDVA), and the local court system to plan and develop visitation and exchange services for victims of domestic violence, dating violence, child abuse, sexual assault, and stalking. As part of the planning process, the County intends to enter into a Memorandum of Understanding (MOU) with CDVA and the local court system to implement the supervised visitation plan. The County completed a needs assessment last year to determine the gaps in visitation and exchange service provision. The outcome of this assessment indicated a need for improved methods of providing supervised visitation and exchanges. The assessment confirmed that battered individuals and their children were at risk for further abuse because of the lack of safe supervision and exchange sites.

As a result of this assessment, the MOU partners are committed to supporting the creation of a safe place for visitation and exchanges. CDVA's Executive Director will consult with the county designated project coordinator to ensure that victim safety is not compromised through use of the center. Additionally, CDVA staff members will have an opportunity to participate on a committee researching existing supervision centers and best practice methods focusing on the needs of victims and their families. A function of this committee is the development of a timeline and task plan for the implementation of a supervised visitation center. This committee will also provide training to all staff and volunteers hired to work in the center. As the project becomes more defined, the MOU partners will fulfill any other appropriate roles determined by the County and the Project Coordinator.

After the center becomes operational CDVA and the local court system will provide training and consultation services on an as needed basis. CDVA and the local court system will refer clients to the center for supervised visitation and exchange services.

In addition, all MOU partners will designate a representative to participate on the County's Safe Haven consulting committee.

The County is committed to the development and successful implementation of the supervised visitation project.

Sincerely,

County Chairman
County of Lake Western
